

## Cable Tester, LAN Scout® Jr. Continuity Tester

This compact cable tester is an easy-to-use tester that saves time and money on the job. The LAN Scout® Jr. tests continuity on twisted pair data wiring connections. An integrated tone generator supports multiple tones and control of the pins carrying the tone. The self-storing remote makes this tool easy to store and locate.

### Specifications

|                                       |                                |                                  |                           |
|---------------------------------------|--------------------------------|----------------------------------|---------------------------|
| <b>Type:</b>                          | Twisted Pair, DATA, Voice, LAN | <b>Application:</b>              | Continuity Testing        |
| <b>Special Features:</b>              | LED Response                   | <b>Cable Type:</b>               | CAT3, CAT5/5e, CAT6/6A    |
| <b>Overall Length:</b>                | 9.5" (24.1 cm)                 | <b>Overall Height:</b>           | 4.609" (11.7 cm)          |
| <b>Overall Width:</b>                 | 2.297" (5.8 cm)                | <b>Material:</b>                 | Plastic and Stamped Metal |
| <b>Test-n-Map ID Remotes:</b>         | 1                              | <b>Batteries:</b>                | 4 x LR44                  |
| <b>Multiple Style Tone Generator:</b> | Yes (4)                        | <b>Test &amp; Measure Types:</b> | Voice, Data, RJ45, RJ11   |
| <b>Included:</b>                      | 6 x 1.5V LR44 Batteries        | <b>Weight:</b>                   | 4.0 oz (116 g)            |
